

A STEP BY STEP GUIDE TO ONLINE LICENSE RENEWALS

SCO members can now renew their annual license online. Up to now members have already been able to check their continuing education credits and update their profile information all done through our website www.scoptic.ca.

User IDs and passwords were sent to each member last Summer and are included with your renewal package. You will need this information to renew your license online, as well as use the other login features such as checking continuing education credits and keeping your profile updated throughout the year.

To help reduce costs and streamline licensing, members are encouraged to use the online licensing. We can now accept Visa, MasterCard and Discover. Your private information and credit card number will be safe and secure in our system. No credit card information is ever stored, tracked or viewed. Personal information is kept in a secure, internal, password-protected database, which is not stored online.

You can also renew online and mail a cheque for your license fees. As always, for those that wish to continue to renew their licenses through the mail, can continue to do so.

Please make sure your continuing education credits are up to date before renewing your license.

A step by step guide to online renewals is included on the next pages and will also be posted on our website.

If you would like further information or need any assistance with your online renewal, please call the SCO office at 306-652-0769 or email office@scoptic.ca.
